The Service Contract, together with the program agreement, regulates the specific terms and conditions, including economic terms, relating to the ordinary management and maintenance of the railway infrastructure, as well as the activities concerning the purchase and management of rolling stock made available to the railway companies on behalf of the Region by FERROVIENORD, in accordance with the principles and obligations established in the concession agreement, renewed by the Region in favour of FERROVIENORD, by resolution dated 15 February 2016, until 31 October 2060.

Furthermore, FNM and FERROVIENORD approved the transaction in compliance with the relevant provisions of the RPT Regulation and the RPT Procedure.

Therefore, in accordance with the provisions of the RPT Regulation and the RPT Procedure, FNM will publish within the terms of law the information document relating to significant transactions with related parties concerning the transaction, prepared in accordance with article 5 and in compliance with the format set out in Annex 4 of the RPT Regulation, as well as in accordance with article 7 of the RPT Procedure.
